

<b>Post title</b>	<b>Capital Projects Manager</b>
<b>Grade:</b>	NJC28 to 31
<b>Hours:</b>	37 hours per week, 52 weeks per year
<b>Team</b>	Assets & Health & Safety Lead

---

### **Main purpose of the job:**

The postholder will provide professional technical advice and lead on the delivery of capital and estate improvement projects across the Trust. The postholder will focus on the planning, design, procurement, and contract management of major building works, ensuring all projects are delivered safely, compliantly, and to a high standard.

The role includes providing expert advice, approving technical designs, and ensuring compliance with building regulations, CDM, and regulatory regulations.

This role supports the Trust's long-term estate strategy by overseeing construction & project activities, advising on building condition and suitability, and ensuring capital investments align with the educational and operational needs of our academies.

---

### **Key duties and responsibilities**

#### **Project Leadership & Technical Assurance**

- Lead the delivery of assigned capital projects (condition works, compliance upgrades, refurbishment), funded through School Condition Allocation (SCA) or other grants.
- Act as the technical lead for building design reviews, specifications, and contractor proposals, compliance, and construction methods.
- Approve construction and design documentation in accordance with building regulations, CDM, fire safety, and safeguarding requirements in education settings.
- Liaise with contractors and school teams to coordinate project delivery and quality assurance.
- Maintain accurate project documentation and deliver project reporting to internal stakeholders and funding bodies.
- Lead condition and feasibility studies of upcoming projects, recommending project design and delivery.

#### **Compliance & Assurance**

- Ensure all projects meet funding conditions (procurement thresholds, value for money, reporting).
- Ensure that works comply with statutory and legislative requirements, including CDM, Building Regulations, planning, and H&S obligations.
- Contribute to Trust-wide compliance frameworks and maintain robust assurance documentation for audit readiness.
- Provide detailed specifications & tender capital works in line with public sector procurement law & Nexus MAT policy.

- Manage appointed contractors and consultants on-site, ensuring contract compliance, performance, and issue resolution.
- Support post-project evaluation, defects resolution, and integration into asset lifecycle planning.
- Deliver capital projects from initiation through to completion

### **Asset Management & Estate Condition**

- Assist in developing the annual estates investment plan based on condition data, compliance risk, and strategic priorities.
- Conduct site visits and condition inspections to support maintenance and lifecycle planning
- Maintain up-to-date records and support data entry into asset management systems
- Provide expert advice to site teams and school leaders on building performance, minor works, and compliance matters.
- Provide professional advice and technical input to senior leaders, site managers, and contractors.
- Support the Trust's wider transformation goals by ensuring that capital investment supports high-quality, safe, and sustainable learning environments.

### **Safeguarding**

- Nexus MAT is committed to safeguarding and promoting the welfare of children and young people. The highest priority must be given to following the guidance and approaches to safeguard children and follow all safeguarding procedures outlined by the MAT and member schools.
