Nottingham HOPE Academy is a specialist alternative provision academy committed to transforming the lives of children and young people through high-quality education, care, and support. As part of our dedicated team, you will play a vital role in helping pupils overcome barriers to learning, develop confidence, and achieve positive outcomes for their future.

At Nottingham HOPE Academy, we recognise that many of our pupils have experienced disruption to their education and may have faced significant challenges in their lives. While we cannot change their past experiences, we can work together to create brighter futures. Our pupils are at the heart of everything we do, and we are committed to providing a nurturing, inclusive, and safe environment where every child feels valued, supported, and empowered to succeed.

Our work is underpinned by a **trauma-informed and relational approach**, recognising the importance of understanding each child's experiences, building strong, trusting relationships, and creating the conditions in which pupils feel safe, regulated, and ready to learn. We know that positive relationships are key to engagement, progress, and success, and we pride ourselves on knowing our pupils well and responding to their individual needs with empathy, consistency, and high expectations.

We work closely with families, carers, external agencies, and professionals to ensure that every pupil receives the personalised support they need to flourish. Through strong relationships, high

expectations, and an ambitious curriculum, we strive to ensure that every young person develops the knowledge, skills, and resilience they need for the next stage of their education and life.

This role may involve working across both of our primary provision sites, Sherwood Education Centre and the Children's Hospital School. Sherwood Education Centre provides education for primary-aged pupils who require specialist alternative provision and benefit from a highly personalised approach to learning and support. Our Children's Hospital School supports pupils who are unable to attend their mainstream setting due to medical needs, ensuring continuity of education during their treatment and recovery. While both settings share the same commitment to providing exceptional educational experiences, each offers its own unique context, challenges, and rewards. The successful candidate will be flexible, adaptable, and enthusiastic about working across these distinct settings to meet the needs of our pupils.
